

Limited Warranty

Revised 5/22/2008

Please Note: We want you to be a HAPPY CUSTOMER & have excellent results, so please read this sheet carefully. It IS VITAL that these things are done. Without them – NO Limited Warranty. We Warranty the long block only. Sensors are not warrantied. Turbochargers (Superchargers, Turbos) are not part of the long block and are not warrantied. Please have your mechanic carefully inspect all gaskets & seals and replace, if needed. We DO NOT WARRANTY any gaskets or seals. Any engine that “blows” a head gasket or is over-heated will automatically void our Limited Warranty.

Engines

1. Engine Crankshaft must be turned over at least 2 full 360° degree turns BEFORE installation (720°). If step #1 is not done, limited warranty is automatically voided.
- *2. New Timing Belt (If 50,000 Miles or more)
*All Kia engines over 20,000 miles are required to have new timing belt installed.
3. Rebuilt or New Water Pump
(If 50,000 Miles or more)
4. New Rear Main Oil Seal
5. New Thermostat
6. All New Belts under Hood
(PS Belt, Alternator, Fan Belt, etc.)
7. New Spark Plugs
8. Change Oil and New Filter
9. New Antifreeze/Coolant
*We do not require, but highly recommend, that you take your radiator to a radiator shop & have it:
#1. Back flushed
#2. Flow tested.
#3. Pressure checked or “Leak Tested”
10. New Air Filter
11. New Fuel Filter

*Skip #2, if your engine has a timing chain.

Important, Please Note:

All above **MUST BE DONE** to qualify for our Limited Warranty. Otherwise, **NO LIMITED WARRANTY** will be provided. Customer **MUST** keep all paperwork, showing above was performed upon installation, in order to qualify for our Standard 1 Year Part Only/NO Labor Limited Warranty or our Optional 1 Year Part & Labor Limited Warranty. The same applies if the customer purchases our Optional 3 Year Part Only / NO Labor Warranty or our Optional 3 Year Part & Labor Warranty. Customer **MUST PROVIDE** paperwork upon warranty claim. NO paperwork, NO Warranty & NO EXCEPTIONS! Limited Warranty begins the day the engine is delivered!
